

Central North Field Naturalists (CNFN) Inc.

The CNFN Inc. is a community group dedicated to learning about and preserving Tasmania's natural environment and disseminating natural history information. A small group attends monthly field outings in central north Tasmania. Other members (from as far away as South Australia, New South Wales, Victoria, the USA, Germany and Norway) support our endeavours and enjoy receiving "The Natural News" three times each year. New members are welcome.

I would like to join/renew my membership with the
Central North Field Naturalists Inc.

Name:.....

Family member's names.....

Address:.....

Postcode.....

Phone:.....Work:.....

Email:.....
